ADMINISTRATIVE REPORTS

President’s Report

None

MERMA Administrative Update

Susan Adams reported that at the last meeting the utility bills were discussed and MERMA was asked to look into why MERMA is not getting billed directly. Susan met with Roxanne of MCSIG and was informed there is not a way to split it up as far as getting separate bills for PG&E. The three meters are not specifically for the downstairs or upstairs. There is just no way to do it. It’s been done this way for years and it was in the agreement when MERMA and MCSIG first came together in this building about how the bills were going to be split with MERMA paying 55% and MCSIG paying 45% of each utility bill.

Loss Control Manager

Gary Metzler updated the Committee on the Matching Safety Funds. He sent out another reminder and so far MERMA has paid out about 1/3 of the allocated amount of \$54,000. He doesn't know what more he can do to encourage districts to use their money, but he continues to send out reminders.

JPA BUSINESS

FY 13/14 Staff Management Oversight Options

Alliant was asked by the Committee at the last meeting to go through what some of the options are as far as staff management for MERMA. Mike Simmons presented a report with some of the options listed. Alliant's original proposal was more of an external consultant and now Alliant is performing in more of an internal management position. After lengthy discussion, it was decided the Executive Committee would have a Special Meeting for a working session to talk about options and start by looking at Alliant's original scope of work and see what's on there already and add or delete items. Mike Simmons stated he would develop a modified scope of work for the Committee to look at. The Committee could then either add to it or subtract from it and once they agree on the scope of work then Alliant would be able to let the Committee know how much it's going to cost to provide that contact.

A Special Executive Committee Meeting will be held on May 9, 2013 at 9:15 a.m.

Coaching and Team Building Services Agreement

Susan Adams presented the Agreement for Consultant, Kim Stemler to provide MERMA staff with Executive Coaching and Team Building Services. Mike Simmons stated this is an open-ended agreement and should not last for more than a few months. Kim Stemler arrived to the meeting and discussed her background. She has had her consulting business locally for the past 14 years.

MOTION: Veronica Flournoy

SECONDED: Mike Brusa

MOTION CARRIED

Managed Care Services

Telephone conference with Court Orsborn of David Donn Consulting, Inc. He updated the Executive Committee on the interaction he has had with MERMA staff, Alliant and StrataCare in regard to serious operational issues with StrataCare. Categorically it had to do with late payments on bills, missed payments, duplicate payments, and problems with customer service. Weekly calls

have been set up with StrataCare to resolve some of these problems and progress is being made.
Managed Care Services (continued)

Court also updated the Committee on the program summary for StrataCare's savings performance of the David Donn Consulting model. He stated at the last Committee Meeting it was discussed that the program was up significantly overall, although there were concerns about September – December performance being down. David Donn Consulting had a series of calls with StrataCare to investigate that and break it down and identify fixes and improvements. Audits were increased, structural changes were made to the PPO lineup, and weekly performance calls. Since then, January and February's numbers came in excellent. Improvement of \$50,000 versus the prior 4 months in terms of savings. Financially, the program is going on all cylinders right now. Matt Gowan stated to Court that he would like a more comprehensive annual report to give a brief update to the full Board at next month's meeting.

Financial Report

Helen Rodriguez of McGilloway, Ray, Brown & Kaufman stated there is no financial report this month. It will be updated for the next meeting.

Helen stated she has been working with Connie Martin, Susan Adams and MCOE staff regarding all of the contribution receivables that were discussed at last month's Committee meeting. It was found that the contributions that have been received are more than what was reported. Some of the backup to the payroll is missing and never provided to MERMA. She has asked MCOE to provide support for those deposits. The contributions are coming in on a more timely basis.

Draft Actuarial Report

Derek Burkhalter of Bickmore walked the Committee through the Draft Actuarial Report via telephone conference. The investment income offset was set at a 4% discounted rate for FY 2012/13. The draft report shows broken down in different variations of a discounted factor at 1.0%, 1.5%, 2.0% and 3.0% for FY 2013/14. Lengthy discussion held.

Veronica Flournoy made a motion to approve the Draft Actuarial Report as presented with the recommendation to move to a 3% discount on investment income offset.

MOTION: Veronica Flournoy **SECONDED:** Mike Brusa **MOTION CARRIED**

Experience Modification Factors for FY 2013-14

Derek Burkhalter walked the Committee through the Draft Experience Modification Factors that Bickmore has prepared for FY 2013/14. Lengthy discussion held.

Veronica Flournoy made a motion to approve the Experience Modification Factors as presented.

MOTION: Veronica Flournoy **SECONDED:** Mike Brusa **MOTION CARRIED**

Draft Rate/Budget for FY 2013-14

Susan Adams presented the draft budget for FY 2013-14. She stated this was very preliminary. Susan asked if there was anything that needs to be added. Matt Gowan stated CAJPA. Susan stated she still needed to take out the Executive Director's salary. She would like to add something for the Disaster Recovery, IT improvements and may want to increase the travel/conference. Gary Metzler stated most of MERMA's computers are operating on XP system which will no longer be supported starting next year. In order to run the later versions of Windows, you need to have accelerated hardware. Pretty much all of the hardware will have to be replaced and buy a software package to support it. Susan stated she will be working with Helen Rodriguez and will get an updated preliminary budget.

2013/14 Excess Workers' Compensation Renewal Marketing Plan

Matt Gowan provided an overview of the marketing plan for the excess insurance renewal for fiscal year 2013-14. He discussed how last year MERMA was at a \$350,000 SIR and at the last renewal and in order to offset the increase in the rate, the Committee raised the SIR slightly. The premium was kept at about what it was, but the SIR went from \$350,000 to \$400,000 for FY 2012-13. This year, the market is continuing to get hard. US Specialty has indicated at the \$400,000 SIR as they continue to underwrite, a 15%-25% increase on excess insurance. There really are not a lot of options below the \$500,000 SIR. Above, there are several more options. Looking into CSAC – EIA, which is a super JPA that sells excess insurance and they are very competitive in the lower SIR levels. If MERMA does not do anything and continues to stay with US Specialty, looking at a 15%-25% increase on excess insurance. Which comes out to about \$100,000 - \$150,000. Also have it out to bid with other companies, like Safety National.

Mike Simmons stated that if MERMA was to join the CSAC – EIA, the Board has to approve the governing documents. That would need to get agendaized just to join CSAC – EIA so when we are close to renewal a special board meeting doesn't have to be called. Matt Gowan stated that possibly the Board of Directors could give the Executive Committee the authority to make a final decision. Sara Perez stated she would like Matt Gowan to review the Bylaws to see what the requirements are.

Matt Gowan stated there will be multiple levels of decisions that will have to be made on SIR versus how much the JPA needs to fund. It will be a lot to digest with the Board next month. Proposals Numbers are going to start to roll in. He suggested setting up an Ad Hoc Committee or work with a Committee Member to walk through the outline and drill down what they think is important and what will work. Then Matt can bring a more detailed solution to the Board. Matt asked if there was somebody that would like to work with him or put a team together. Sara Perez asked if he would like to stay in touch with her to narrow the focus down. The Committee stated they felt comfortable with that. Sara stated she will email Matt with available dates.

Mike Simmons stated that the Committee may want to add a second item to the Special Executive Committee Meeting on May 9, 2013, as a review of excess insurance options. Matt could come down and walk the Committee through it.

Disaster Recovery Program Update

Gary discussed putting together a plan to continue business in the event the MERMA facility is lost due to disaster. He is asking the Committee for \$5,000 in next year's budget. \$2,500 of that would be for contracted services, with somebody like Agility Recovery and another \$2,500 to improve some of MERMA's own info structure, including maybe a laptop that would be dedicated primarily to disaster recovery that would have documents on it that would be readily available. Also will need some fire-proof cabinets. Gary is proposing that the Executive Committee approve the Disaster Recovery Policy, that will give Administrative Management the ability to implement an actual plan with these various requirements that would make an effective plan so that MERMA would be able to continue business if it were to lose the facility for some reason.

Veronica Flournoy stated this was a great idea and will make a motion to approve \$5,000 to be put into the budget for the Disaster Recovery Program process to get started.

MATCHING SAFETY FUNDS UPDATE

INFORMATON ITEM

ISSUE: This is an informational staff report regarding the MERMA Matching Safety Funds Program for FY 12/13.

RECOMMENDATION: It is recommended that all MERMA members take advantage of the Matching Safety Funds Program.

FISCAL IMPACT: Members that do not use their allocation will lose the funding allocation for FY 12/13 – unused funds do not carry over into following fiscal year.

BACKGROUND: The MERMA Executive Committee authorized continued funding of the MERMA Matching Safety Funds Program for FY 12/13 in the amount of \$64,000.00. The eight small districts are allocated \$500. Each large district is allocated \$500 plus a percentage of the fund balance based on payroll size. Matching is done on a dollar for dollar basis – i.e., an expenditure of \$1,000.00 would be eligible for \$500.00 in matching funds.

It is very easy to use the Matching Safety Funds Program:

1. **Identify** an appropriate expenditure for funding. Ergonomic furniture or accessories, facility security equipment, facility/grounds repair/improvement to eliminate hazards, personal protective gear, and employee safety training/certification are examples of appropriate requests. It is also suggested that members consolidate their requests to cover their available total allocation; this will help reduce administrative costs and processing time. Please note that requests must relate to employee safety issues and that the funds cannot be used for subvention of employee salaries.
2. **Complete** Section 1 of the FY 12/13 Request Form with a brief explanation of what the funds will be used for with supporting invoices, paid warrants or receipts – the MERMA Board Member must sign and date the request form.
3. **Submit** the completed form to MERMA with receipts or invoices that verify the expenditure. Upon MERMA administrative approval, a warrant will be issued on a dollar for dollar basis.

MERMA JPA STAFF – 2013 BENEFITS

ACTION ITEM

ISSUE: MERMA JPA employees have received preliminary information on the 2013/14 Benefits from MCSIG. Two plans have been eliminated and rates have increased substantially. The employees and staff will be attending an orientation meeting on May 22, 2013 to receive additional information which will be provided to the Executive Committee during the meeting.

RECOMMENDATION: The Executive Committee should review and discuss if the “cap” paid by the JPA should be increased to offset the increase in premiums.

FISCAL IMPACT: TBD as respects the “cap”. If the Committee decides to increase the “cap” paid by the JPA, this increase will need to be included in the budget.

BACKGROUND: MERMA JPA employees are included with MCOE on purchasing their benefits. The MERMA Employee Handbook states the following:

Insurance Benefits

A. Medical, Dental and Vision Insurance:

All full-time and eligible (50%) part-time employees and their dependents are eligible to participate in the JPA's health, dental and vision insurance plans starting the first day of the month following 30 days of continuous employment. A choice of plans will be made available for employees to choose from. The "cap" (the amount paid by the JPA) towards the insurance will be tied to and reflect the cap provided by the Monterey County Office of Education (MCOE). As the MCOE's choice of insurance plans changes, or the MCOE's cap changes, the JPA will follow MCOE.

For employees choosing to be in Plans II or III, the employee will be reimbursed the difference the JPA pays between Plan I and the other two Plans in their monthly pay check.

SEPARATE COVER: To be distributed prior to meeting. This will include the final rates and plans provided to MERMA on May 22, 2013.

2013/2014 EXCESS WORKERS' COMPENSATION INSURANCE RENEWAL

ACTION ITEM

ITEM: Annually, Matt Gowan from Alliant Insurance Services, Inc. reviews the current Excess Workers' Compensation program to determine if improvements can be made as respects limits, coverage, premium and plans. Matt will provide the Executive Committee with the proposals he has received from the insurance market as a result of marketing the program this year.

RECOMMENDATION: Matt will provide verbally to the Committee.

FISCAL IMPACT: Unknown at this time.

BACKGROUND: Alliant has placed MERMA's Excess Workers' Compensation coverage for over 10 years. Currently MERMA purchases \$50,000,000 in limits excess of a \$400,000 SIR from US Specialty.

SEPARATE COVER: Excess Insurance options will be provided under separate cover.

BUDGET FOR FY 2013-2014

ACTION ITEM

ISSUE: Annually, the Committee reviews and recommends approval to the Board of Directors, the annual budget. Helen Rodriguez from McGilloway, Ray, Brown & Kaufman will be in attendance at the meeting to review this Budget with the Executive Committee.

RECOMMENDATION: Pool Consultant recommends approval of the budget subject the any changes or recommendations of the Executive Committee.

FISCAL IMPACT: TBD – the budget will be finalized once the excess Workers’ Compensation placement is determined.

BACKGROUND: Annually MERMA’s accountant works with the Executive Director on creating a budget for MERMA and it’s members that includes the assessments as determined by the Actuary.

SEPARATE COVER: MERMA 2013-2014 Budget.
